KENTUCKY STATE NEWS.

Miss Hattie Parker, a passenger on No. 1, southbound, died on the train just before reaching Glasgow Junction. The remains were taken to Bowling Green and then shipped to Marion. Miss Parker was in charge of her brother-in-law, Rev. B. A. Brandon, whom she had been visiting in the mountains of Kentucky in the hopes of benefiting her health. Her condition growing worse, Mr. Brandon had called home with her to Marion not thinking the end was so near. She was 19 years of age and died of consumption.

PETER PEPPER, crazed from the effects of a prolonged spree, attempted to pull out his tongue the other afternoon at the city hospital, Louisville, causing his death a few moments later. While left alone for a few moments in a strong cell at the hospital, Pepper managed to grasp his tongue with both hands, and tore it partially out before the attendants discovered his act. He nearly died before the hospital surgeons could stop the flow from the torn arteries. The poor fellow's condition after dissection of the tongue was unable to stand the loss of blood, and he sank rapidly until about 5:30 o'clock when he suddenly expired.

A NUMBER of papers in the state report that in many precincts of the various counties the ballots were exhausted long before the hour for closing the polls at the late election arrived, and that many voters were thereby disfranchised.

A GREAT many people in Clay City are greatly stirred up and much wrath at Rev. Chandler, pastor of the Methodist church at that place, because he refused to allow political speaking to be held in his church.

ANOTHER horrible murder has been committed in Wayne county. For some time an ill feeling had existed between Will Bates, a well-known citizen of the county, and Dock Coffey, a Negro living at Monticello. They met in the post office at the place, when Coffey drew a revolver and shot Bates through the heart killing him instantly. Coffey walked out of the office pistol in hand. When on the street he time sending a ball through the thigh of little Jimmy Laff, a boy who stood near. The ball penetrated the large artery, and came near resulting in death from loss of blood. Coffey claims the last shot to have been accidental. He was arrested and placed in jail. Excitement runs high, and summary punishment may speedily follow.

Tax election passed off quietly enough in Clay county. The republicans won in all the county races by from 200 to 500 majority.

Pastor W. B. WYLLIE, superintendent of the city public schools, died at Bowling Green the other morning of rheumatism of the heart, after an illness of several weeks. He had charge of the schools since their organization eleven years ago, and had made them the pride of the city.

THE 6-year-old child of Postmaster Simmons, of Owensboro, fell into the fire at the female college, Russellville, and was burned to death.

HOMESTEADERS are again operating in Carter county, and at Leon several fine animals have been stolen. DAVENPORT is said to have a haunted house.

THE lumber output in the Big Sandy valley will be the largest in years.

Warning to Expectant Mothers.

Many internal remedies are being sold for the treatment of all diseases of the female system, such as Menstrual Disorders, etc.

THE BRADFIELD REGULATOR COMPANY, ATLANTA, GA.

Washington Letter.
WASHINGTON, Nov. 12, '04.—The Democrats are standing up well under the load of defeat which has been piled upon the shoulders of the party.

Our school was very much alarmed by a large deer on last week. Some parties had chased him from W. Va., and he took shelter in the school house and was killed. It was as big a show for the pupils as Breckinridge was at the Fallsburg barbecue.

Harry Clayton met with a narrow escape from death by a west bound train the other night. Jennie Williamson has been visiting friends at Louisa.

Rev. Higgins, of Ohio, preached to a large congregation at Mt. Pleasant Sunday night. Dockie Whitte was the pleasant little visitor of her grandmas, at Louisa Saturday and Sunday, who is very ill.

The little man, Mills, of Martin county, who is 24 years old and weighs 72 pounds, has returned to his home.

Mrs. T. J. Branham and her daughter, Ida, are visiting relatives at Dunlow, W. Va. Dora Salsbury, of Kinmer, is visiting her aunt, Mrs. Mary and Fannie Gaines, this week.

OLD HICKORY.
The readers of this paper will be pleased to learn that there is at least one cured case of disease that has been able to cure in all its stages and that is, Catarrh of the Catarrh Cure, the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, thereby destroying the bacteria of the disease, and given the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O.
